Dear Valued Community Members,

Tech Valley High School is a public high school located in the Albany NanoTech Complex serving 150 students from 32 districts across 7 counties in the Capital Region. The school is focused on STEM education through project-based learning. We invite you to support our FIRST® Robotics team, the Tech Valley High Dragons (Team 5881).

The team's mission is to inspire future leaders through hands-on experiences in design, programming, and manufacturing. As a team, we collaborate to solve engineering challenges and aim to build a high-performing robot. This season, we're competing in two events for the first time, but rising costs mean we need your help to make it possible.

Your support will enable us to expand our program, advocate for STEM education, and empower more students. We welcome financial sponsorships, in-kind donations, or mentorship. Below, you'll find details about our sponsorship tiers and their corresponding benefits.

Level	Amount	Benefits (Includes all from previous tiers)
Title (Exclusive)	$25,000+	Collaborate with the team to name our robot
Platinum	$10,000+	Press release announcing our partnership
Gold	$5,000+	Opportunity to meet the team
Silver	$2,500+	Logo placement on robot
Bronze	$1,000+	Dedicated social media posts
Individual	$100+	Recognition on our website

For more information, please contact our faculty advisor, Ms. Varada Vaughan, at vvaughan@techvalleyhigh.org.

Thank you for your consideration,

The Team Members of 5881
